

Oriented:

- Mobile inch pipe bending works at maintenance and assembling of plumbing

Abilities

- Control board with interface
- Bending angle and zero position programmed by microprocessor
- Have pullout handles and wheels for hand moving, and have rims for moving by lifting mechanisms
- Bending angle 0-210° with account of spring back angle

Tooling

Complete set of tooling consist of 6 bending formers for base inch sizes of tubes:

- 1/2" (D 21,3 mm) CLR-66 mm
- 3/4" (D 26,8 mm) CLR-84 mm
- 1" (D 33,5 mm) CLR-102 mm
- 1,25" (D 42,3 mm) CLR-129 mm
- 1,5" (D 48 mm) CLR-144 mm
- 2" (D 60 mm) CLR-180 mm

CLR - 3D

Provide quality without mandrel bending

Technical data

Bending speeds quantity	6
Power/frequency/voltage	220 В, 1,5 кВт, 50 гЦ
LxHxB, mm	750x630x1300
Weight, kg	250

Base complete set

- Bending machine
- Standard tooling - 6 bending rollers for main sizes of gas/water tubes
- Operation manual
- Packing
- Training with Customer's personnel
